E-FILE MANDATE

Beginning on 1/1/2016, if an income tax return preparer prepares 25+ acceptable, original fiduciary income tax returns using tax preparation software in a calendar year, then for that calendar year and for each subsequent calendar year, all acceptable fiduciary income tax returns prepared by that income tax preparer must be e-filed, as defined in the Electronic Tax Return Filing Act, as codified in Chapter 30 of Title 40, Code of Alabama 1975. Estates/Trusts with 20+ beneficiaries at the end of the Estate/Trust's taxable year are mandated to e-file Alabama fiduciary income tax returns for that calendar year and all subsequent tax years.

The State of Arkansas is requesting additional information this filing season in an effort to combat identity tax fraud and ensure that your hard-earned tax refund goes to you. Providing information from your driver's license or state issued identification card will help protect your identity and could help process your return quicker. However, this is only a request. Information from your driver's license is not required, and your return will be processed without the additional information. The information is being requested solely to help protect your identity and ensure a more-secure refund
